

# #SEWYOUR STYLE 2018

**Sew Your Style was a chance for dressmakers to show their unique style and creativity at The Creative Craft Shows this summer. We round up this year's results**

The Creative Craft Show competition Sew Your Style ran during the first half of the year in association with us here at The Pattern Pages giving dressmakers the chance to show us their sewing skills, as well as win some amazing prizes worth £2500 from our generous sponsors including sewing machines, sewing patterns, pattern printing vouchers, haberdashery hampers and gorgeous fabrics!

## Judging Day!

Congratulations to all 40 of the finalists that were shortlisted. Their garments made it to the gallery and exhibition at The Creative Craft Show in June. We invited three sewing industry experts along to judge the 10 finalists from each category. Spending the first day of the show, the judges had a tough morning looking at the garments inside and out, and deciding which ones would win Sew Your Style 2018. We have to say it was a close call! The competition encouraged 130 sewers to enter, which was a wonderful result for this new national competition, and lots of visitors came to look at the gallery to see all of the amazing makes.

**A SPECIAL MENTION**

We got to meet some wonderful people and the presentation for the prizes was a chance for us all to come together and tell our different sewing stories.

"My lovely wife Anne was so excited about it all because she loves patterns and fabrics. The competition meant so much to her because she had been very ill for the last 15 months and it inspired her to start sewing again, and took her mind of all the horrible treatments she had gone through and made her feel like herself again. It was so nice meeting lovely people and we look forward to seeing everyone again at the next competition," commented Art Zarb, husband of Anne who won a prize in three of the categories.
